Built in 2022, this stunning custom home perfectly blends modern comfort with timeless design. Nestled in a quiet, family-friendly neighborhood, it's less than three years old and ready for its next chapter. Inside, you'll find four spacious bedrooms—three on the main level and one in the finished basement—along with three full baths. The open-concept kitchen, dining, and living areas offer a seamless flow that's perfect for everyday living or entertaining. The chef's kitchen impresses with quartz countertops throughout and a full suite of Frigidaire Gallery appliances included. Thoughtful upgrades include a tankless water heater, water softener, and main floor laundry with direct access to the primary closet. The three-car garage offers an extended third stall for extra space, and the oversized shed is perfect for a golf cart, side-by-side, or additional storage. With its premium finishes, spacious layout, and attention to detail, this home truly has it all. Schedule your private tour today and experience it for yourself!
