Discover this beautiful new construction home offering the perfect blend of style and function. Built by an experienced builder, the open-concept layout features 9- and 10-foot ceilings and solid bamboo flooring throughout the main living areas. The kitchen shines with timeless white cabinetry, granite countertops, Whirlpool appliances, and a large walk-in pantry. A main-level laundry room with half bath adds everyday convenience. Two bright bedrooms and a full bath sit just off the great room, while the private primary suite offers a tray ceiling, walk-in closet, and a spacious walk-in shower. The partially finished full basement doubles your living space with egress windows, rough-ins for a full bath, and two additional bedrooms ready for completion. Additional highlights include an insulated, drywalled 21x23 two-car garage with an oversized 18x8 door, front and back porches, and a generous lot on a quiet dead-end street. Located in an established neighborhood within the Riverdale School District, with a nearby city park and easy access to I-80 and I-84—this is brand-new construction without the wait.
